I dont know if any of you ever heard of this site but its unbelievable what they do.

They release all kinds of information kept from the public.

Latest news they have:

Quote:Collateral Murder

WikiLeaks has released a classified US military video depicting the indiscriminate slaying of over a dozen people in the Iraqi suburb of New Baghdad -- including two Reuters news staff. Reuters has been trying to obtain the video through the Freedom of Information Act, without success since the time of the attack. The video, shot from an Apache helicopter gun-site, clearly shows the unprovoked slaying of a wounded Reuters employee and his rescuers. Two young children involved in the rescue were also seriously wounded. For further information please visit the special project website [www.collateralmurder.com](http://www.collateralmurder.com).
