Dover wrote on Tue, 20 April 2010 21:37 There's your problem. Us PC users got to play any of the music we have on our computers through an in-game radio station. Same thing on San Andreas. It's really a feature you start to miss when you play any of the older ones.

Yea, I know. In San Andreas for the Xbox AND PC there was a custom radio station for the player's music. They took that feature out in GTA IV for the 360 and put it back in on the PC version.
