Subject: Re: FPS freeze
Posted by UksRene on Wed, 28 Apr 2010 10:34:43 GMT

Hi

Set affinity gives me an error. As shown in the screenshot

Carrier, I have also added my graphic details in the screenshot too.

I will keep trying to figure out how to get set affinity.

EDITED

I have set affinity to 1 core, I am still getting the FPS freeze. I will reinstall Renegade without scripts to see if it helps.
