TORN wrote on Sat, 08 May 2010 18:29 Yeah it's ridiculous how long this thing has taken. You added too many fixes, when all that really matters to most people is the anti-cheat aspect of it. Some of the fixes are awesome, though.

My concern though is something stupid happens, and it ends up being half-released or really disappointing or something. Projects that take this long to develop somehow end up having something happen to them.

Hopefully TT will be an exception...

although, in my personal experience, I can already see there's a good lot of progress with it. So it's good to know it's not like 25% done...
