goztow wrote on Tue, 11 May 2010 08:00He never released any cheats on renforums. Renforums is a place for the entire community. There's a few rules you need to respect, that's all.

If we had to ban all who ever cheated or ever created a cheat (obj3cts and such) then I don't think there would be many members left here (sad fact).

Sigworthy, now who do I remove..
