It's easy as long as 0x90 has a challenge in making hacks for Renegade he will continue.  
History learns it takes longer to make a anti-cheat then a cheat.

This is why I find it funny that people are discussing 0x90.

Simply said there is nothing you can do about him so why not spend your time on usefull things?  
Like getting TT done, so it can actually make your last Renegade days a happy time.

I have said it before in other topics, go play Renegade and enjoy it till it lasts.  
Whetever that is a week or even another year. (or who knows years!)
