It's about as ridiculous as they way Spooky presents his arguments. WTF? He made his point, and so did you, doesn't matter how, do it? EvilWhiteDragon wrote on Mon, 17 May 2010 04:58 Either you agree with him or you are a fucking stupid retarded cheating insulting bitch. Or similar. That does not make any argument a viable, thus one doesn't even need to bother responding decently on it. I can't remember reading anything that have with what you just said, the point is that since 0x90 made \*cheat name removed\* that basically killed some comms should be making an anti-cheat? helping TT? in what way? why would he help when he's updating \*cheat name removed\* all the time? Already his 2.0 version have reached 100+ downloads, as someone mentioned before, that's A LOT like 1/3 of the players EvilWhiteDragon wrote on Mon, 17 May 2010 04:58

I know Spooky's opinion, all fine and dandy, but I cannot agree with the knowledge I have. That does not make me stupid or whatever, that makes me having a different opinion than Spooky. Spooky however, being thickheaded as he is, will continue arguing (with the same arguments) until I/whomever stop replying and think he made his point. Spooky never said you were stupid, just that if you let 0x90 continue what he's doing with consequence he won't stop, but banning him would show him that "we" care. Not everyone share this view ofc, but that does not make others stupid EvilWhiteDragon wrote on Mon, 17 May 2010 04:58 Also he uses information that was trusted to him (being on TT) and uses it to suggest I personally killed CW (well, nearly anyway). That makes his arguments at least just as retarded as the post you quoted. I don't see where he suggested that YOU killed CW in no way, he said that 0x90 is responsible for it, because server owners used \*cheat name removed\*
