TFD and Rene have almost identical files in the always.dat. If you've patched your renegade properly, then you DO have the attack bike, it can only be selected on some fan maps tho, such as tiberium redux.

b4 u ask where to download tiberium redux...www.game-maps.net

Just guessing but dont you mean Mutation Redux??

I've never heard of a "map" Tiberium Redux, only the "mod" (duh /me points to sig)
