I'm not saying at all that these attacks on Spooky are right because I infact strongly disagree with them, but I'm just thinking that there really isn't much to be gained from banning 0x90. However, I'm beginning to see he seems to post here more often, so I don't know.

yeah, and I'm glad- I don't know what made EWD think it was called for to have a Spooky bashing, it didn't make the Renegade community any better.

And, again, it might not be as apparent or as much of an immediate result- but banning him would show "Hey, douchebag, you're not wanted. Fuck off and stop making cheats, and we'll let you back in the community". Why this wasn't done before is beyond me.

Ethenal wrote on Tue, 18 May 2010 16:07Also, with the part of him telling the RG team how to block it-that-must-not-be-named, I was just referencing the fact that nobody did anything about it. Yeahh, that's a little messed up. But then, I'm sure 0x90 would just make a new version that bypasses the RG fix anyways.

Ethenal wrote on Tue, 18 May 2010 16:07And I don't believe that we should be afraid of him, but since we're not in the position to defend the game from his cheats, there's no reason to encourage more attacks. Alas, I would gladly attempt to block *it* if I knew how, but unfortunately I do not have the time nor the skills to do that, and because of that I understand the predicament we're in.

If he's any kind of decent person that he's been made out to be, he wouldn't continue to attack us because we banned him. Instead, he'd be like "Ok, hey, sorry I fucked up the ren community... I'll stop making cheats". That's ALL he has to do- stop making cheats. It's that simple.

Otherwise, why would we WANT to keep around a guy who acts that immature?
