Here's some other links to the download; I'de rather run them all though ModDB so we can get data on the game's popularity but if people are having issues download from these links
http://www.smcty.com/scudstorm/builds/SCUDStorm1.02setup.exe - 1.02 patch
http://www.smcty.com/scudstorm/builds/ScudStorm_FullInstall_1.0.msi- the main game itself, apply 1.02 patch to this.
