its ridiculous that u guys even talk to this 0x90 guy lol, he deserves no respect whatsoever, i think some idiots here are just impressed by his coding skills that they forget that he's actually a major faggot that ruined the game by himself.

0x90: ok i promise to not make another \*cheat name removed\*update that will destroy the game even further  
crowd: COOL you are my hero! your not so bad after all

---
