Because you say it's not a cheat doesn't mean it is not a cheat.

Dude. Every single time I read one of your replies to a post of mine, I have to question whether or not you actually understood what I said. Every single time. That's why I usually don't respond to what you say.

Please quote where I said it wasn't a cheat. Then I'll dignify you with a response. I need to make sure you actually comprehended what I said.
