Hi,

I need a serial number to instal the FDS server. I registered on westwood homepage there:
<http://renegadeserver.westwood.com/RenegadeFdsReg/index.jsp>

I did it 2 days ago, and i still get no answer. Is it long, or will i never receive the serial ?

Can anyone give me a serial if you have one you won't use anymore ?

My email is nod398@yahoo.fr

Thx !
