Music - i kinda agree even tho i download em from youtube   protip:
1. Go to google.com
2. type in inurl:blogspot bandname bandalbum
3. click bunch of links.
4. download.
much safer than torrents.

Quote:Movie- exactly, also if you tourrent a movie, then your gonna get a crap quality bullshit, quite the contrary. Due to the nature of torrents you'll have an easier time downloading bluray rips etc.

is his gonna get us banned?

As long as no one posts any actual torrent sites or torrent links, we should be fine.

BluRay rips ftw
