Think about it if more laws are made... the same laws they just made are broken... Things such as M-16s and AK-47s and RPGs are sold all the time... its against the law it doesnt stop it

with the Over gun control.. this is the redneck side

with the protests its the peace loving retard side..

though both sides are equally retarded we all are for having opinions

in the end its all the same guns then banned guns then repeat

this is all my opinion mainly
