LMFAO

liquid this incident was real, i wish we taped it lol. Fukin funniest shit.

the people we played were pretty bad, but firestorm did that, me and him laughed on ts about it. And ralph raged in teamchat.

i mined the back and then pulled into field and he had basically taken it. so we won that game

then reversed teams, still on field, we ref hopped them in the first 90seconds and then they raged on us for cheating

related to not much, funny as all hell
