Huh, are we talking about the same Azazel? Its funny to me because he !kick'ed me (yes, 24 hour ban) from TMX one day for cheating LOL Next time I joined, he PM'd me from IRC saying it would be perm if he ever got any proof...if I had known this would have happened shortly after, I would have saved it, put some funny text under it, and posted it here.

He was a complete idiot, and just made me confused as to how a illiterate 14 year old got mod status on some decent renegade servers.....Now, im more worried about where this actually-half-working triggerbot came from, hmhhh
