With knowlegde that cheats exist...this game is turning into CS...

n00b: "OMG! u F**ing haxxor! u killed me with ur n00b cann0n aimbot!"

Vet: "No I didn't u n00b, it's something you don't have...it's called skill."

Hopefully Rengaurd will solve some of our "CS problems"...

Peace out,

-Kingdud
