trooprm02 wrote on Mon, 16 August 2010 13:33lmfao cool topic....if I was as lonely as liquid (plays this game for YEARS, and is STILL fucking awful at it) id care. But as it stands, the people that care so much on these forums don't even play this game, and when they do its only in their servers so retard pub players will think their good. Until one of us joins that is, and straight rips their face off....ban inc!

you just described yourself.. played longer than anyone here and still not half as good as anyone ... i ripped your face off, you sent me a PM which told me right away you were a nerd ... then i banned you.  glad to see you live in a fantasy world though.

here's the log of the whole map.. just so you can read about how retarded you are.
i kill you, you kill me (i had like 5 HP at this point but i'll give it to you anyways), i kill you ... you go nuts ... i check IRC .. oh look its trooprm02 ... evading his ban for the 9000th time ... (nice life) and btw liquid would beat you 1v1 anyday .. youre TERRIBLE..

wait i just read your post again .. you said "one of us" .. thats funny ... it's like you think you're part of cw.cc at all when you're clearly the worst player there, you don't associate with anyone.. and no one there likes you... you lie about cars you drive, you can't even be honest on the internet ... you're probably the most insecure person on renegade and you try to make fun of someone else .. really.  you're the biggest outcast on cw.cc why even say one of us?  ... you're awful dude lmao.
