6-0...countless posts in this topic but you still dodge the central point? LOL.

@Spoony, lost a 2v1? wtf you talking about...I left 5-10min after that SS which I only posted cuz its funny. I did rape 3-4 of your vehicles with a single orca tho, now lets see how you justify that. lol? you're thick as pigshit, dude.

i killed your ref early on, so i was getting money all the time while you were running out. since it was 2v1, i have to worry about an orca AND the other guy continually sneaking into my base, and yet the longer it goes on, the better for me. you were both out of money after i killed your 2nd/3rd orca (while i had a shitload and the base was all mined) - i rush the AGT, get a tech in, you leave. (AGT dies, of course, and my base was still totally intact)
