bigejoe14 Why is Reborn the only Ren mod here with a leaked beta?

The real question is why is it the only one worth leaking?

No offense to other mod makers, I'm just saying that Reborn and Ren Alert are the only mods with a lot of publicity...

The Matrix Mod I made got leaked, though. Of course, I'm not going to be able to finish it, so I'm glad what was done did get out there after all
