LOL yeah ok I'm glad your contributing to the topic by posting bullshit. I was a mod at TmX and I failed to see where he abused his powers unless some "immature" kid was being an idiot and deserved it. I won't say any names but if he didn't do some of these things i.e. banning complete downers I would have. It's too bad he turned out to be a cheater and that makes him a complete douchebag in my book but everything anyone can say about him abusing his power (basically lying just so they can have some input on the scenario) makes them just as bad as him.

Have a nice day
