Well today is not my day...
I just had a trojan (sorted)
But when AVG deleted the trojan (that infected the game.exe) and i want to run i end up with

IRONFART   Well i

        Howev

        Windows cannot find 'C:\Program Files (x86)\EA Games\C
        Decade\Command & Conquer Renegade(tm)\Renegade\F
        the name correctly, and then try again.
