Well, i have moved away from Vlissingen to the main city Rotterdam DAMNED!

I got my own house finally, its not done yet though.

Some details:

Im a student @ the HRO, dunno something like university or higher then college school. i have no idea what it is for americans and/or whatever.

PICTURES?! here a short quick 2 pictures walkthrough

This is a giant jacuzzi hahaha . This is place #2 where the bitches get nailed in! (flamewar inc)

Large livingroom, its not finished yet though. Still painting the walls but there is a short of time, except the weekends. I filled all the holes in the wall with cement, so thats fixed.

Its a appartement with 2 floors, 1 for the living room, kitchen, shit house etc. And a floor for 3 bedrooms and the big jacuzzi you saw there.

Like it? Looks good doesn't it.

So if anyone wants to smoke pot or get f%#\$n wasted! Your welcome, contact me though!
