Griever92Halo38l love playing with cheaters , It's more of a challenge

Exactly, we need more people like you. See, Some of us arent bothered by the cheaters because most of them suck even when they're cheating. So, until RenGuard comes out, lets just keep killing the n00bs and Cheaters, eventually they'll get tired of us killing them.

And boy do they get bent when you do, too. I love it.
