DeathgodFUD tactics have spread to other servers, I see. Good work.

Let us all take time to thank our gods that is not the case. FUD server practices are inexcusable.

This is a different story, Icesword is a foul-mouthed, trash-talking idiot who has this weird sense of entitlement about him. "I'm here so why isn't everyone doing what I say and worshiping me?"

Not only can't we take Icesword seriously, he gets owned in every match I have seen him in. No doubt there is a lot to this story Icesword has left out. I wouldn't even blame FUD for banning him.
