No, but the entire domainname hadn't been announced either, so chances of someone actually finding it where rather slim. Troop didn't find it, he got the link from I guess JW. Technically we could say he leaked data which wasn't ready for publishing yet. It at the very least fuck up any publicity we could've gotten with an official launch...
Don't be a dick. As Havoc just pointed out, you could google it and find it. I just never did.
