Caveman wrote on Sat, 13 November 2010 10:33The reason why you haven't said any of these things I have said you did is because you've been very careful how you've worded it. You've implied everything I have said.

why are you lying through your teeth again? wasn't it bad enough that you've already been caught doing so? why make it worse?

here's one of the things you lied and pretended i said:

"Noone has ever been better then you and nor will they, right?"

study these two quotes from me (posted earlier than the lie you said there ^^):

"furthermore, starbuzz's question is about who's best playa now, not several years ago, hence nobody mentioning uded or kill."

"kill was the best player in renegade for a maybe 3-year stretch, he's rusty now though"

clearly, i think the opposite of the lie you tried to pretend i said. you can infer it from the first quote and you can explicitly read it in the second quote. just admit you lied about this, don't make it even worse by saying i'm "careful how i worded it".

Quote:You think you're the best at everything everything? gosh. i certainly didn't claim that.

Quote:and everyone else's opinion either doesn't count or is invalid.

again, you don't seem to realise how dishonest you're being. if you can't refute what i actually say, there's no shame in admitting it. it makes you a sad liar, though, to pretend i said things i did not say (or in some of your attempts, actually said the exact opposite)

Quote:I dont see how or where I have been uncivil to you? I haven't flamed you with the exception of calling you a prick because of your attitude, which in my defense is my opinion that I am entitled to right? Dont agree to it? I don't care.

if you don't think you're being uncivil, i guess your consistent lying is some kind of pathological compulsion rather than a conscious attempt to save e-face.

Quote:You know exactly what you're doing with the things you say, you know how to press peoples buttons to get a reaction out of them. Some people choose to ignore however I don't think its fair that you can talk down to people because you think you're right. If you're right about something then that is fine but there is no need to be a sore winner.

like i said, this nonsense is exactly the same as calling someone a cheater because they beat you.

Quote:I never once said killing buildings wasn't worthwhile.. Did I imply that? If so, that wasn't my intention.
fine.

Quote:All I said was for the best part of the game you was whoring on the strip.

yes, as if it was a bad thing, which any fool can see it isn't. you seem to think putting the word

"whoring" in a sentence about renegade means you actually have a point. newsflash, it doesn't. you said "ok, you killed the hand and the ob" as if these are afterthoughts. (you say you didn't really mean that, fine), you say i didn't really kill vehicles (untrue, i was taking apaches down...)

Quote:I never said you didnt do anything else. Now who is saying things that I never said? you, because i didn't say that you said that do yourself a favour, don't try to be clever

Quote:I dont see any credit for covering your ass with my orca, what you expect? i haven't said anything bad about your contribution to the team in that game.

Quote:You bitched about 0x90 being trusted and I agreed with you however I said if he was to be trusted he could benefit the team whereas anyone could do you 'job' and comment on gameplay balance.

and i said i don't think anyone else could do it as well as i do. yet i prompted you to name names, and you didn't.

Quote:As I said in that topic I wasn't out to take sides or to flame you I just thought it was unfair you was being a dick towards EWD you think *I* was being a dick towards him? wow, you really did miss a lot. i've never done anything wrong to him, despite the UNBELIEVABLY pathetic way he behaved recently, which he still hasn't apologised for.

Quote:so I thought i'd step in and give my two pennies, which you didnt listen to and I gave up trying to explain it to you. again, you're lying through your teeth. that thread is still there in the server owner section. anyone with access can read it. they can plainly see that i am "listening to" what you said, and replied to everything you said. why do you keep lying? furthermore, they can also see that you repeatedly dodge several of the points i make. you're not only a liar, you're a hypocrite.

Quote:At the end of the day Spoon, if you spoke to people without whats the word.. Snobbiness? Attitude? Im not exactly sure on the word, people wouldnt have half the problem with you. As I said to you in PM I don't have a problem with you its just your attitude, its generally the attitude I saw while browsing .cc before. You best player, you're this, you're that, noone else mattered. you realise you haven't actually demonstrated that there's anything wrong with what i've said? whereas you've been caught lying quite a lot of times in a very brief period.

Quote:I see myself again sitting here trying to explain to you something that you're;

A) Never going to accept.

B) Don't care to listen to.

A) would only be a criticism in my direction if it was due to my stubbornness as opposed to the fact you were wrong, and since you have been wrong several times (and caught lying even more often)...

B) is an obvious lie, as we've seen.
