I am glad that Spoony made his own thread. I am now better informed of his views and opinions. My satisfaction has grown.

While you are definitely correct, I would also like to add that he is also well on his way to becoming what would normally be a very old man who repeats the same stories, tells too many details, and is generally very annoying to listen to, but at a relatively young age. Tis what happens when you're alone for so damn long.

wow lol... That was one of the main hallmarks of H2O was that we NEVER dodged. Actually, our last year active, it was very hard for us to get games at all because WE were the ones being dodged non-stop. Kill couldn't get on MSN near the end or it guaranteed us no games.

There was a time in the auto-league, April 2004 when we won our first cup, that we were accused of 'dodging to win the cup'. Since we didn't play +FE+ (Who were total douches to us at the time, flaming us non-stop ingame and on the forums), we chose a friendly clan, VERB, and played them instead. At the time I was relatively new to the spirit of clanwars, and I do see how, to be fair, we should of played FE so that skill decides who gets the cup, not sheer points or amount of games. Once the Manual League was set up, I invented the First 2 Five tournament so that dodging couldn't decide a cup, like it had in the past. So to say that H2O 'dodges' is just ridiculous. If you actually ever competed at clanwars regularly, you'd know H2O was constantly LOOKING for games, not dodging them lol.

So sure, April 2004, My clan chose to play friends instead of assholes on the final day of the tournament, which inevitably led to us winning our first cup, and setting off an explosion @ the smak forums. If I had to do it all over again, would I? Damn right, because it was fucking awesome.

way to dodge FE to get the win noob water clan

Hey, mr. smarty pants, pretty sure you're referring to april '05. And to be perfectly fair, neither FE nor H2O deserved the cup, it was SLUT - and SLUT lost 1000 points for "cheating" - although I was never cheating. Nobody would've had to pointpush had that not happened - we had it in the bag because FE was pretty bad that month since Jelly was in the clan, and H2O sucked except for pistol, soul and macdad (and 2 of those 3 played with SLUT as well lol, since they were in Gi-with us before). Brings me back!

Mind you, since the top 4 clans all pointpushed on the last day (including me) the objective individual would argue that none of us deserved shit. But to stay true to the clanwars tradition, IM BEST PLAYA AND IM BETTER THAN U R
