Spoon, when you say you're better than Simpee, do you mean getting MVP in public servers, or at clanwars? I mean, if Simpee grabbed a buddy or 2 and you guys did some 2v2 or 3v3's, I for some reason believe that EF would take that series.

I know your raping in pubs right now, with hundreds of games a month, but how much does that translate to clanwars?

I guess clanwars is dead right now so it doesn't really mean much, but I still consider a clanwar as the ultimate way to determine who really is best playas.
