Really, that's all it takes to galvanise you and Kill into action? Someone saying someone other than Kill is the best player now?

Kill says he's polishing off the extra-thick glasses, getting out his old Havoc mousepad, and getting ready to bunker down for some heavy Renegade time. "I prang the jew" he proclaimed. He's not the only one around here with a Havoc mousepad.

i'm also glad someone recognises that i wasn't all that much of an active player in clanwars, except for a few select months. like i said, simpee remembers that period, but he certainly won't tell you the truth about it.

Only active for a few select months...

All that active, i.e. as many games as the likes of soul. Still played a fair amount, though not a fanatical amount.

Quote:then quit disrespecting the people who played competitively for years and years and continued playing even when times got hard.

by "disrespecting" you mean don't call simpee what he is, i.e. a pathologically compulsive liar? you ever considered suggesting to simpee to quit disrespecting the only guy who could be bothered hosting a clan ladder for him "for years and years", or don't you mind the absolutely despicable way he's always behaved to someone who's done him nothing but favours?

as for "when times got hard", how much harder do you think they would have been without me?

Quote:Quote:i win the overwhelming majority of my games, both thanks to individual contribution and by galvanising the team into doing the best strategy

so we return to my earlier question, why do you think players like simpee don't? if you read his posts you'll notice it isn't through lack of effort. he says he tries harder than everyone else. he says a clanwars pro can only really have a big effect on the game on a flying map (wow). he expresses far greater concern about his own individual score than the team winning (hitman thinks in a similar way, it seems). these are the kind of comments you'd laugh at if they came from a "ladder whore".

wow it sounds like troopr after winning a 1v1. Sorry I didn't realize you were keeping track. If I knew we were actually having a competition as to who can win the most games, I probably would of gone all in.

there you have it, ladies and gentlemen.

OMG I CANT BELIEVE YOU'RE ACTUALLY TALKING ABOUT WHO WON THOSE GAMES
I WASN'T TRYING

it was only a matter of time, i suppose

Put it this way Spoon. I was playing a regular season game, You were playing for the World Cup, so it seems.

i was playing the way i like to play. was i not clear on that point?

Quote:We weren't keeping score - apparently you were.
not at the time i wasn't, but i do remember how the games went.

Quote:So I guess tomorrow we'll expect more of the same. Everybody better play their best, cuz Spoony's judging you.

Thats why people didn't want to play Troop... if he wins, he rubs it in your face on a forum. you've got that exactly upside down. you, hitman and simpee are the ones freaking out at my answer to the question "who do you think is the best player now?" you desperately try to change the subject to stuff from 1 or 2 or even more years ago. apparently we shouldn't even consider the games that are actually played now (publics, commwars etc). you think we've got to do more lobbywars/clanwars before the question can be answered. i point out how these lobbywars seem to be going so far, and OMG SPOONYS RUBBING IT IN OUR FACES, HES JUDGING US

suppose i'd said i was the best player over the last 3 years (as several of you have tried to get away with pretending i said, which makes your case a great deal weaker) and you tried to demonstrate with posting winratios or whatever that it was actually kill/simpee, and suppose i'd responded to that with what you just said. how pathetic would it look?
