liquidv2 wrote on Thu, 09 December 2010 06:21did wittebolx poof?

there are some co-op servers out there that people play on
and this sweet build server where i found Altzan earlier

he told me he built that giant ass hotel himself
good work Altzan

Nope we did not poof.

We are very much alive at the gaming scene, just not renegade. We are waiting for the patch and the source of it so we can upgrade the servers to the new standard before coming back on the server list.
