cmatt42 wrote on Thu, 06 January 2011 19:30I got 7 Professional 64-bit OEM for free via MSDNAA. You should be able to contact your school's computer science department head or one of the instructors for a form you can fill out to get into the MSDNAA.
I owe you a huge thank you, I finally got hold of the guy in charge of the MSDNAA at my school (at two other computer professors said we did not have it) and got two copies of windows 7 one for me and one for my mom

thank you =]
