Speedy059 wrote on Mon, 31 January 2011 04:57Oohhh yaa this is much faster. Good choice of server specs.

No wonder, as you're upgrading from a P4....

Though, why haven't you done so before? I mean, here dedicated servers have been getting a lot cheaper for a lot more performance for the last 6 years, I presume the USA isn't any different?

I think it could've saved you some money, wouldn't it?
