if there is a god and he minds that sort of thing, it's hard to tell, isn't it? if the bible really came from a god, isn't it a rather incompetent revelation? couldn't he have done it so that it couldn't be "used as an excuse for actions that are wrong"?

...and so that it wouldn't result in thousands of different versions of christianity, at least some of whom despise each other and have persecuted each other when they had the power?

are you saying the WBC are insincere? doesn't seem that way to me. the WBC's views, despicable as they are, are rooted in the bible. there's much more supporting the WBC theology than there is supporting the 'rapture', for example.

but you said they're "ill and delusional", in which case is it just to kill them for it?
