boomer and razor... you are aware of the fact the vatican has been systematically shielding its child-rapist employees from the law for decades, shifting them to new parishes, bullying and coercing the poor victims into signing secrecy agreements, threatening people with hell if they talk to anyone outside the church about it... and that the current pope was a key figure in this whole evil scheme?

i don't say the pope himself is a child rapist (i don't think anyone's ever said that); i said he's an accomplice in thousand of child rapes, or maybe 'accessory' is the right word.
