---

Canadacdn asked me to re-upload his metroid level beings it is not available anywhere anymore. In addition this is a slightly newer version than the one that was last uploaded, it has been bug tested and is all clear to play with your friends.

Compressed using WinRAR and broken into 10 pieces so that it could successfully upload within the file size limit (sorry about that, but placing it on these forums pretty much guarantees it'll be here until the end).
