There, that's about right.

I do have to agree, though. Mass celebrating of a person's death is just ridiculous. That, basically, makes us just like them...I'm a firm believer that the 9/11 attack's weren't just terrorist attacks, there was "ALOT" more to them other than Osama bombing the buildings. Too much evidence for it to just be that.

I'm not saying that I don't have sorrow for all of the people that died that day, because I do. I actually know people whose families were affected by 9/11. That's why it pains me to even think that our government had anything to do with the attacks.

But, this is another instance to be discussed on another topic.
