-BLU3Y3Z- wrote on Sat, 07 May 2011 22:24No one can say why people like metal. The people  
who listen to metal are asking others why and how they could possibly like rap..just a thought

Firstly, that isn't really "metal." Anyone that listens to "metal" sure as hell don't listen to Attack,  
Attack...

I love metal. I'm mostly into Trivium, 5FDP, Atreyu, All That Remains, As I Lay Dying, and  
PLENTY of other METAL bands. That emo, punk shit isn't Metal. People think that Metal is just  
people screaming all of the time with some really deep distortion on guitars and double bass every  
second of the song. That's not how metal is.

Your post seems to be incomplete.

I knew you'd post here

And yes, extremely incomplete. Those were just samples Modern day bands, I didn't mention the  
oldschool bands.
