Crimson wrote on Thu, 26 May 2011 12:49: It may depend on your interpretation of "power trippy", I guess. After spending the better part of an hour trolling the channel, acting like a complete arrogant douche, a 5 minute network ban didn't seem so undeserved.

Network bans should in my opinion only be given for things that involve more than one channel. If it does involve one channel one can easily ban the person from just the channel.

The part that disturbs me the most was that it was a network BAN, I mean a kick is a lot less invasive than a ban, and would've probably get the message through anyway.
