DarkKnight wrote on Sat, 28 May 2011 22:29 loved it nice job but i wish you would have replaced the nod buildings as well

Thanks. I did want to do the NOd ones but it was a lot of work just doing the 4. Maybe I will do it when I have some time.

Also many glitches were found I believe I fixed um all. The version with the fixes -  
C&C\_aLittleMapV2.rar

I also changed the blue tib to the regular green stuff; people didn't seem to like my crazy blue tib lol.
