What? Actually, I wasn't defending him in the slightest. As stated previously in an Atomix topic, I was merely just bitching out Anthrax. At that time I had never even once spoken to Xpert, or honestly knew who he even was. I just hated Anthrax for the fag that he was being.

Only ever seem to be around when rene drama at Atomix is going down? I'm pretty sure I never left, and have always been here. I think that's pretty obvious to anyone who either keeps updated with Atomix, or renegade forums (or N00bstories, tmx, 1337, + jelly forums, for that matter)...

You're obviously still upset at the whole fail of a troll attempt in the Atomix noobstory thread I posted. Seeing how you've never had a problem with me before, including when i was a mod at Atomix...
