Ungy107 wanted servers for the [CMPS.] Clan so [CMPS.]Ungy107 and [SynC]Trojan started renting a server box. We where hosting servers for Renzor and a few other people. We had a big fight with Renzor (Idiot Trojan) and started back up bad dog gaming for the hostname's. Later down the line it turned into atomix.

Oh yeah I remember that.

Such a shame actually Renz0r with CMPS and Sync was a good combination on paper, didn't turn out as we hoped sadly.
