Sk8rRIMukMarshcounter strike is easy, why do you need an aim bot for that game anyway?

and renegade, why do u need an aim bot for that as well, why did u even bookmark the site, :rolleyes: .

at least we now know ea is doing something

I have to express my opinon here in that Couner Strike is not an easy game at all the damage is real and the players are excellent alright maybe it requires less strategical precisson than C&C Renegade but it is certainly not easy.

actually it requires more skill but its easier to kill people if you know what you are doing. All you have to do is not run in all guns blazing, wait for the to attck you, or edge slowly around the corner. Then try and get around the fighting and sneak up on them.

then if all else fails run in all guns blazing
