Omar007 wrote on Tue, 02 August 2011 12:40Wow pirating a game and wanting to play online?

You can't play online without a valid serial.

And with valid I mean one that is valid, not banned from XWIS and not yet used by someone else

You can play with invalid serial on XWIS. Just nickname under which you want log in need to be registered on valid serial via control panel.
