---

hey ppl i have been using RR for years now but some days ago started to crash everytime i leave a game, i use v 1.1.7 alpha (108), i love RR but this shitty crash is geting me angry lol , so i thought in leave here a crashdump in case anyone have interest in look in it:)

<http://www.megaupload.com/?d=WYZVUY8W>

Also, i cant change the resolution duno why.
