When he said, "Fail" did you not understand what he meant... So there was no need to whip out your Webster's dicktionanus are give a lesson on how to be a fucking arrogant know-it-all bag of shit out of some cheap whore's ass after a hundred homeless guys ejaculated in it.

Pretty much the same shit as the "skin" request thread, you feel a need to try to be better than all others on a fucking internet forum... Like there is some awesome prize for being the most correct all the time on a fucking forum.

You say, "Stay mad, bro"...

I rebuttal with, "Nice life, faggot."

I am actually not mad. It is just sad how all it is now is ACK running around trying to put people in giant ovens for not using proper grammar...

So I like to point out what a elephant size 300 grain vinegar douche he is.
