If your referring to me, then let me set the record straight, being that you as well have no idea what your talking about.

Lilith, started team hampering me. I asked him/her wtf his/her problem was, then he/she falsely accused me of shooting his/her transport.(which was actually an apc)

I told the noob I wasn't shooting a damn thing, then he/she proceeded to insult me, the harassed me the rest of the times I was on the server.

Yes, I was banned, but that is simply due to the fact that Lilith is apparently buddies with a mod, went off crying to him/her, and I was banned for absolutely nothing.

So, if this is considered being a faggot, then I guess I was being one. And since all you noobs know everything (which must be why you all replied) then you already knew all of this.

I guess some people have nothing better to do than to get on the forums and talk shit about things they know nothing about. Proof of this lies within this topic.

The End.
