Well you posted your opinion, in the wrong area of the forums but aside from that... I seriously doubt that the majority of people who have moderator status on the servers are "xryan's thoughts here".

If it was on <http://www.st0rm.net> servers, you're still better off posting there, the fact that one person from one server some how made it click in your mind that all people who moderate on servers in Renegade "r bad and need to be grown up and go back to school for education" stuff. (Which is what it sounds like from reading your post OUT-LOAD)

Kind of why there aren't many people behind you on this situation.

:I will offer you friendly words of advice, think before you post.
