xryan wrote on Tue, 13 September 2011 08:19 If all you have to look forward to everyday is booting people from Renegade servers to make yourselves feel better, than maybe its time you get a serious life. Move outta moms house, get a job, support yourself, get married, have kids and support them as well. Do something in your life actually worth being respected, rather than just sitting on your sorry immature asses kicking people from Renegade servers all day, trying to make yourselves feel important.

Quote:8. What I do with my life is not your concern. Not everybody works the same hours. (9-5)
You can assume all you want, means absolutely nothing, nor do your laughable, false accusations and insults.
